Greenline Overhead Conveyor Track Chain and Shackles

TABLE OF CONTENTS

About Greenline	2-3
------------------------------	-----

Typical 348 chain configurations

Ordering code for complete 348 chain assemblies	4
348 bolted chain with trolleys and pendants on 6" center	5
348 bolted chain with trolleys on 6" and pendants on 12" center	6
348 bolted chain with trolleys on 6" and pendants on 8" center	7
348 bolted chain with trolleys on 12" and pendants on 12" center	8
348 bolted chain with trolleys on 12" and pendants on 6" center	9
348 bolted chain with extended side bars (8" center chain)	10
348 bolted chain with pipe track brackets on 6" and 12" centers	11

348 chains and parts

Chains without trolleys	12
348 trolley halves	13
348 wheels	14
348 pendants and attachments	15-16
348 hardware and bushings	17

X-458 chain and parts

Ordering code for complete X-458 chain assemblies	18
X-458 chains and parts	18-19

Greenline link chain and parts

Linco style chain configurations

Complete chain assemblies	20
Chains and parts	20

Meyn style chain configurations

Complete chain assemblies	21-22
Chains and parts	23-24

Stork style chain configurations

Complete chain assemblies	25-26
Chains and part	26-27

Meyn, Stork and Linco hardware

Hardware for Meyn, Stork and Linco style chains and parts	27
---	----

Overhead I-beam track, corner turns, elevations, takeups and parts

I-beam corner turns with heavy duty 6-bolt bearing assembly, turn wheel and flange	28
Parts to heavy duty 6-bolt turn	28-29
Parts to 5-bolt turn	30
Elevations and straight 3" I-beam (galvanized and stainless steel)	31-32
Elevations and straight 3" I-beam (galvanized)	33
Spring-loaded automatic takeup	33
Sprockets and parts	34
Drive frames	35

T-rail overhead parts (new-generation)

Stainless steel T-rail turns	36
Replacement wheels	36
Stainless steel complete T-rail takeups spring-loaded	36
Stainless steel elevations – ups and downs	37

Flex-line overhead parts

Stainless steel flex-line turns	38
Replacement wheel assemblies	38
Stainless steel flex-line takeups	39
Stainless steel flex-line elevations and straight track	39

Replacement shackles

Baader Johnson replacement shackles	40-41
Dapac replacement shackles	42
Marel replacement shackles	43
Meyn replacement shackles	44-45

Welcome to Greenline

Headquartered in Charlotte, NC, Greenline has established itself as a valued equipment resource to industry. Our vision is to be the preferred supplier to protein processors globally – delivering premium quality equipment, parts and services, exceeding customer expectations. We are committed to providing cost-effective solutions for your replacement parts needs. We pledge to deliver superior quality products that meet or exceed OEM standards – when and where you need them.

Our Company

Greenline is a leading manufacturer of overhead conveyor chain, with a primary focus on the food industry. Since 1964 we have provided conveyor systems for major industrial users throughout the U.S.

Knowing that new developments are the basis of economic success, we work together with industry leaders and use their specific knowledge to provide our customers with the newest technology and innovative solutions.

We want to be the partner of choice for customers who are looking for high quality products, the support of a knowledgeable and experienced technical service, and competitive pricing.

We take pride that our products and expertise play a part in the smooth and profitable operations of our customers. This is why we always will be **creative, innovative, reliable**. It's all part of our belief that customer and partner business relationships should always be straightforward and based on fair dealing. Openness, mutual trust and respect are at the core of our company culture.

Consulting and Engineering

In addition to offering high quality products, we provide the tools and know-how to enable our customers to achieve the most out of their conveyor system and protect their investment.

Solutions to increase productivity, reduce costs and meet industry regulations are more important than ever in today's challenging industrial environment. Allow us to analyze your conveyor system and track layout, point out critical areas of improvement, and help you increase the lifetime of your conveyor chain. As a result, you will minimize downtime and increase productivity which will lead to a smoother, more profitable operation.

Simply put, we want to be the partner of choice for customers who are looking for high quality products along with premium service.

◆ Ordering code for complete 348 chain assemblies

Ordering code

Plating	Chain type	Brackets	Spacing	Wheel type	Pendant type
0- No plating	1 348 bolted chain	B01 348 bracket	1 6" trolleys 6" pendants	W1 Gray ball bearing wheels with stainless steel races	P31 35-C with 17/32" hole, plated
3- YDP: Zinc-yellow dichromate plating	2 348 I-Pin chain	B02 Pipe track bracket	2 6" trolleys 12" pendants	W2 Blue non ball bearing plastic wheel	P32 35-C with 5/16" hole, plated
4- ZNP: Zinc nickel plating	3 348 bolted chain with extended side bar for 8" configurations	B03 37-HF intermediate plate	3 6" trolleys 8" pendants	W3 Gray caged ball bearing wheel	P33 35-C with 3/8" hole, plated
5- Clear zinc plating			4 12" trolleys 12" pendants	W4 Plated ball bearing steel wheel	
6- Stainless steel			5 12" trolleys 6" pendants	W5 Pipe track wheel	
			6 8" trolleys 8" pendants		
			7 12" trolleys 18" pendants		
			8 6" trolleys 18" pendants		

(For more pendants see list pendants and attachments on page 15/16)

Greenline 348 Dura-Plate chain consists of drop forged center links, hardened side bars, two way prevailing torque lock nut and precision cold-headed, hardened chain pins. It is available in zinc with yellow dichromate or zinc-nickel plating (pendants, chain and trolley bolts in zinc nickel only).

B10W7 Meyn Style plastic trolley half

W12W7 Meyn Style plastic trolley half, wheel/bracket combo

B11W7 Meyn Style stainless steel trolley half

B11RW7 Meyn Style stainless steel trolley half, refurbished

B11W10 Meyn Style stainless steel trolley half with heavy duty wheel

B11RW10 Meyn Style stainless steel trolley half with heavy duty wheel, refurbished

B14W14 Meyn Style turkey trolley half with ball bearing wheel

Chains and parts

Part no.

B14W11 Meyn Style turkey trolley half with non-ball bearing wheel

W7 Meyn style green wheel

W10 Meyn style gray link chain wheel with s.s. races

W11 Non-Ball bearing link chain

5-6 Link chain for Meyn systems, plated

6-6 Link chain for Meyn systems, stainless steel

5-8 Link chain for Meyn turkey systems (10x38 mm)

C5-6 Connecting link for 8 mm chain

C5-8 Connecting link for 10 mm chain

Ordering code

Plating	Chain type	Brackets	Spacing	Wheel type
5- Electro-Galvanized	6 Link chain for MEYN and LINCO Systems	B10 Meyn Style plastic bracket	0 Trolleys 4" on center	W7 Green ball bearing wheel Meyn Style
6- Stainless Steel	7 Link chain for STORK Systems	B11 Meyn Style stainless steel bracket	1 Trolleys 6" on center	W8 Blue ball bearing wheel Stork Style
	8 Link chain MEYN turkey lines (10 mm x 38 mm)	B11R Meyn Style stainless steel bracket, refurbished	2 Trolleys 8" on center	W9 Blue ball bearing wheel Linco Style
		B12(W7) Meyn Style plastic bracket	3 Trolleys 12" on center	W10 Gray heavy duty wheel with stainless steel races
		B14 Meyn Style turkey bracket	4 Trolleys alternating 4" and 8" on center	W11 Blue non-ball bearing turkey bracket wheel
		B20(W8) Stork Style plastic bracket/wheel combo long with shackle hole	5 Trolleys alternating long/short 6" center	W12 Blue non-ball bearing link chain wheel
		B21(W8) Stork Style plastic bracket/wheel combo short	6 Trolleys alternating MX/short 6" center	W14 Gray ball bearing turkey bracket wheel
		B22(W8) Stork Style plastic MX bracket/wheel combo	7 Trolleys alternating long/long/short 6" center	
		B30 Linco Style stainless steel bracket	8 Trolleys alternating short/short/long 12" center	
		B31 Linco plastic trolley halve	9 Trolleys alternating 6" and 9", turkey brackets	

Greenline link chain and parts

Complete chain assemblies

Part no. 5-7B201W8 Link chain assembly Stork Style, long-long 6" center

Complete chain assemblies

Part no. 5-7B205W8 Link chain assembly Stork Style, long/short alternating, 6" center

Part no. 5-7B221W8 Link chain assembly Stork Style, MX, 6" center

Chains and parts

Part no.

B20W8

Stork Style plastic Trolley Half, long with shackle hole and blue ball bearing wheel

B21W8

Stork Style plastic trolley half, short, with blue ball bearing wheel

Chains and parts

Part no.

B22W8 Stork Style plastic Trolley Half, MX, with blue ball bearing wheel

B25-PIN Pin for MX bracket

W8 Stork style blue ball bearing wheel

5-7 Link chain for Stork systems, plated

C5-6 Chain connecting link

Hardware for Meyn, Stork and Linco style chains and parts

Part no.

Part

M8X30-A2 DIN 912	Bolt to attach wheel to Meyn style and Stork style plastic brackets
M8X25-A2 DIN 912	Bolt to attach wheel to Meyn style stainless steel brackets
M8X30-A2 DIN 7791	Bolt to attach wheel on Linco style stainless steel bracket
M8X16-A2 DIN 912	Bolt to attach Linco trolleys on link chain
M8-A2 DIN 985	Locknut to attach wheel to Meyn, Stork and Linco style brackets (and Linco trolleys on link chain)
M6X35-A2 DIN 912	Bolt to attach Meyn style plastic and stainless steel trolleys on link chain
M6X30-A2 DIN 912	Bolt to attach Stork style plastic trolleys on link chain
M6-A2 short DIN 986	Locknut to put Meyn and Stork style trolleys on link chain
C5-6	Connecting link for 8 mm chain
C5-8	Connecting link for 10 mm chain

I-beam corner turns with heavy duty 6-bolt bearing assembly, turn wheel and flange

Part no.	Size	Heavy duty turn	Bearing assembly
IB-1545	15" x 45°	complete	6 bolt
IB-1590	15" x 90°	complete	6 bolt
IB-15180	15" x 180°	complete	6 bolt
IB-1945	19" x 45°	complete	6 bolt
IB-1990	19" x 90°	complete	6 bolt
IB-19180	19" x 180°	complete	6 bolt
IB-2445	24" x 45°	complete	6 bolt
IB-2490	24" x 90°	complete	6 bolt
IB-24180	24" x 180°	complete	6 bolt

Parts to heavy duty 6-bolt turn

Part no.	Part
40602	Heavy duty turn bearing assembly, aluminum, 6 bolt
40603	Flange to heavy duty bearing assembly, galvanized
IB-146G	15" (13-7/8" X 1-7/8") turn wheel galvanized, 6 hole
IB-146P	15" (13-7/8" X 1-7/8") turn wheel, plastic, 6 hole
IB-1545F	15" frame (15" diameter X 45°) galvanized
IB-1590F	15" frame (15" diameter X 90°) galvanized
IB-15180F	15" frame (15" diameter X 180°) galvanized
IB-186G	19" (17-7/8" x 1-7/8") turn wheel galvanized, 6 hole
IB-186P	19" (17-7/8" x 1-7/8") turn wheel, plastic, 6 hole
IB-1945F	19" frame (19" diameter X 45°) galvanized
IB-1990F	19" frame (19" diameter X 90°) galvanized
IB-19180F	19" frame (19" diameter X 180°) galvanized
IB-236G	24" (22-7/8" x 1-7/8") turn wheel galvanized, 6 bolt
IB-236P	24" (22-7/8" x 1-7/8") turn wheel, plastic, 6 hole
IB-2445F	24" frame (24" diameter X 45°) galvanized
IB-2490F	24" frame (24" diameter X 90°) galvanized
IB-24180F	24" frame (24" diameter X 180°) galvanized

Parts to heavy duty 6-bolt turn

Part no.

40602

6-bolt heavy duty bearing assembly

40603

Flange to 6 bolt bearing assembly

IB-146P
(13 7/8" dia. for 15" turn)

6-Bolt plastic turn wheel

IB-186P
(17 7/8" dia. for 19" turn)
